

*The Fifteenth Biennial*  
**BIOMEDICAL SCIENCE CAREERS STUDENT CONFERENCE**

**Virtual Conference**  
**Friday, April 9 and Saturday, April 10, 2021**

BSCP will hold its fifteenth biennial Biomedical Science Careers Student Conference for postdocs (research and clinical); medical, dental and graduate students; post-baccalaureates; college and community college students; and high school seniors and juniors (particularly Black/African-American, Hispanic/LatinX or American Indian/Alaska Native students/fellows) virtually on Friday, April 9 and Saturday, April 10, 2021.

**CONFERENCE HIGHLIGHTS**

- Keynote Addresses
- Small Group Meetings with Individually-assigned Mentors/Advisors
- Workshops and Panel Discussions for each Academic Level
- Science Resources Highlighting Fellowships, Internships, Job and Research Opportunities, and Summer Programs
- Career Fair Featuring National and Local Organizations, and Institutions
- Networking with Peers and Leaders in Biomedical and Other Science-related Fields
- Special Session for Postdocs: Networking and Career Discussion

**Application Deadline: February 12, 2021**  
**(High School Deadline: January 15, 2021)**

There is no registration fee for this program but pre-registration is required.  
To request an application please contact [hollie\\_desilva@hms.harvard.edu](mailto:hollie_desilva@hms.harvard.edu)

*Applicants will be notified of their acceptance by the end of February 2021.*

## Workshop and Panel Discussion Topics:

- Approaching Residency Selection
- Options After Graduate School
- Technology in Science and Medicine
- National Institutes of Health 101
- How to Write an Abstract and Present a Poster
- Residency Training and Beyond
- Fellowships and Postdoctoral Training
- Funding and Research Opportunities
- Getting into College/Medical/Graduate/Professional Schools
- Transitioning from University to Workplace
- Other Biomedical-related Career Opportunities
- Transferring from a Two- to Four-Year College
- Nursing Education Pathways

## MAJOR CONFERENCE SPONSOR

Vertex is a global biotechnology company that invests in scientific innovation to create transformative medicines for people with serious and life-threatening diseases. We discovered and developed the first medicines to treat the underlying cause of cystic fibrosis (CF), a rare, life-threatening genetic disease. In addition to clinical development programs in CF, Vertex has more than a dozen ongoing research programs focused on the underlying mechanisms of other serious diseases.

## Biomedical Science Careers Program (BSCP)

BSCP was founded in 1991 with the aim of increasing the representation of underrepresented minority and disadvantaged individuals in all facets of science and medicine while helping health care institutions, biopharma/biotechnology firms, educational institutions, professional organizations and private industry members meet their need for a diverse workforce. BSCP was incorporated as a not-for-profit organization in 1994. The founding sponsors of BSCP are the Harvard Medical School Minority Faculty Development Program, the New England Board of Higher Education and the Massachusetts Medical Society.
