

# Skills Workshops

For College and High School Students

Saturday, October 26, 2024  
Harvard Medical School

This program for post baccalaureates, college and community college students, high school seniors, juniors and sophomores provides information and guidance in areas such as application process for college and medical/graduate/professional schools, interviewing skills, financial planning, resume writing and internship opportunities. A special session for parents and care givers will be available.

\*co-sponsored by Harvard Medical School Office for Diversity Inclusion and Community Partnership and the Biomedical Science Careers Program
