

What's Happening @ BSCP

December 2020 Edition

Thank You

Since April of this year BSCP has been able to reach more than 3,700 students through our virtual initiatives. We want to take this time to thank our community of advisors, mentors, judges, volunteers and supporters for their time and efforts. It is because of BSCP's amazing community that we were able to stay connected to our students and fellows through this difficult year.

We are wishing you all a safe and happy holiday season!

In Case You Missed It

- **Virtual Connect** - Over 150 students and fellows took part in BSCP's virtual mentoring sessions. Matched mentoring sessions will take place during the April 9-10, 2021 BSCP Student Conference – [Request an application today!](#) Virtual connect will reconvene after the conference.
- **Skills Workshops Webinar Series for Parents/Caregivers** - [All Recordings and Supplemental Docs Can Be Found Here](#). The next Skills Workshops will take place fall of 2021.

Resources and Highlights

- NIMHD Envisioning Health Equity Art Challenge 2020 - The National Institute on Minority Health and Health Disparities (NIMHD) is hosting a national art competition inviting teens and adults to create images (paintings, drawings, photos, digital art, etc.) that express NIMHD's vision. Learn more here: <https://nimhd.nih.gov/programs/edu-training/art-challenge/>
- When you apply to the graduate program in Molecular Pharmacology & Physiology (MPP) Brown offers an automatic fee waiver for any student who indicates on their application that they are from an underrepresented group. <https://www.brown.edu/academics/mpp-graduate-program/about>.
- The Summer Health Professions Education Program (SHPEP) is a transformative summer experience for students interested in the health professions. The FREE six-week summer enrichment program prepares college students for a career in the health professions. Application deadline is February 5, 2021, learn more at <http://www.shpep.org>
- HIV Vaccine Research Grants for Medical Students Seeking African American/Black and LatinX medical students interested in HIV vaccine research. If you are interested in applying, visit www.hvtn.org/ramp
- Holiday break is a great time to work on applications! PathwaysToScience.org is an excellent resource for finding both paid summer research programs and fully-funded STEM graduate programs: https://pathwaystoscience.org/front_forprint.jpg
- iCURE provides mentored research experiences for qualified students and scientists on the NCI campuses in Bethesda, Rockville and Frederick, MD. Applications must be submitted by January 15, 2021 for research experiences that will begin in September 2021 <https://www.cancer.gov/about-nci/organization/crchd/diversity-training/icure>

Virtual Conference and Symposium Updates

BIOMEDICAL SCIENCE CAREERS STUDENT CONFERENCE

Friday, April 9 and Saturday, April 10, 2021

For High School Seniors and Juniors through Postdocs.

APPLICATION DEADLINES

College through Postdoc – February 12, 2021

High School Deadline – January 15, 2021

Friday Keynote Speaker

[Angela DePace, Ph.D.](#)

Associate Professor of Systems Biology
Harvard Medical School

Saturday Keynote Speakers

[Reshma Kewalramani, M.D., FASN](#)

Chief Executive Officer and President
Vertex

[Eliseo J. Pérez-Stable, M.D.](#)

Director

National Institute on Minority Health and Health Disparities
National Institutes of Health
