AAMC: For college freshman and sophomore students who are in the audience, I suggest you apply to the Summer Health Professions Education Program AKA SHPEP. SHPEP is a free six-week summer experience for students interested in the health professions. This program prepares students for the rigors of a pre-health student and equips them with foundational building blocks to make their dream a reality. The program offers opportunities to explore other health careers, including dentistry, medicine, nursing, optometry, pharmacy, physician assistant, physical therapy, and public health. Over 65% of our scholars who apply to medical and dental school are accepted. Our application opens Nov. 1! Learn more here: <https://www.shpep.org/apply-to-shpep/>
