

# Vertex Intern Program

Vertex is a global biotechnology company that aims to discover, develop and commercialize innovative medicines so people with serious diseases can lead better lives. In addition to our clinical development programs focused on cystic fibrosis, Vertex has more than a dozen ongoing research programs aimed at other serious and life-threatening diseases.

## Internship Program

Each year we have internship opportunities across all functional areas. A Vertex Intern experience includes:

- A challenging and meaningful 12-week assignment (*end of May/ early June – middle of August*)
- Participation in professional development workshops and networking events with Vertex employees
- An end-of-summer capstone event that will capture your learnings and share your experience with the broader company

## Minimum Qualifications:

- Must be enrolled in an undergraduate/advanced degree program if graduating in Spring of current academic year
- Minimum 3.2 GPA preferred

To apply, check out our internship positions posted on the Vertex website: [www.vrtx.com](http://www.vrtx.com). Type "Internship" in the keyword search to view openings.

## Recognition

Vertex has continually been recognized as one of the industry's top places to work. In addition, Vertex employees have received a variety of awards for their innovative work at Vertex and for their commitment to local communities.

## Functional Areas

- Research
- Medicine Development and Medical Affairs
- Pharmaceutical & Preclinical Sciences
- Quality and Regulatory
- Market Access and Public Policy
- Commercial
- General Business including Legal, Human Resources, Corporate Communications, Finance, Accounting, Investor Relations and Information Technology

## Transportation Reimbursement

If you will be using public transit for your daily commute, Vertex will reimburse your public transit expenses up to \$300 per month. (*Please note: personal car usage and parking is not included*)

## Relocation Assistance

Students who attend a University outside of the Massachusetts Area and those who are not local to the Boston Area are eligible to be reimbursed for travel expenses incurred to/from their summer internship. Reimbursement under this policy is capped at \$500 annually and is available only to those interns relocating (for the purposes of the internship) from out of state.
