

# What's Happening @ BSCP

November 2021 Edition

## Updates

### [NEW ENGLAND SCIENCE SYMPOSIUM](#)

NEW! [Abstract Feedback Session](#) - December 4, 2021 (11 AM to 12:30 PM EST)

Please register by [November 16th](#)

### [BSCP COVID-19 EDUCATIONAL RELIEF FUND](#)

**UPDATE:** We have expanded our COVID-19 Relief fund to include active BSCP students from all US states and Puerto Rico.

Deadline for the next round of applications is [December 31st](#).

Guidelines have changed since the scholarship has been introduced. Check the [website](#) for eligibility.

### [SKILLS WORKSHOPS WEBINAR SERIES](#)

**THANK YOU to all of you who have participated in this years Skills Workshop Webinar Series!**

To view recordings of the webinars [click here](#).

## Resources and Highlights

**We encourage you to list your participation in BSCP (student conference, symposium, skills workshops) on your resume.**

- Jobs Available Now at **Regeneron!** – Where passion meets purpose in biotech. As a leader in the industry, Regeneron offers career development and opportunities at all levels in every aspect of our business from invention to delivery of medicines to patients. View open positions on the BSCP website: <https://www.bscp.org/internship/regeneron-pharmaceuticals/>
- PhD Program in Biomedical Sciences at **St. Jude Children's Research Hospital** - Interesting, Different, Better! Apply by December 1 – No application fee & No GRE required! [Click here](#) for more information and to apply.
- URM Summer Research Internship Program 2022 - The Rangos Research Center at **UPMC Children's Hospital of Pittsburgh** serves as the hub of pediatric research in Pittsburgh and is one of the fastest growing pediatric research programs in the United States. Applications for the Summer of 2022 will be available January 2022. Find out more [here](#).
- Co-op and internship positions are available at **Beam Therapeutics!** View their flyer [here](#).
- The **Harvard Medical School Curriculum Fellows Program** welcomes applications for a Curriculum Fellow for the Center for Computational Biomedicine. The selected candidate for this role will help design and deploy the computational training that our amazing biomedical graduate students, postdocs and faculty need for their ground-breaking research. Deadline to apply November 30th. More information and instructions on how to apply [here](#).
- **NYU School of Global Public Health**—Pipelines into Quantitative Aging Research Summer Program \*Sponsored by the National Institute on Aging\* The application for the summer 2022 cohort is now open! Application deadline January 15, find out more [here](#).
- **NIAID Intramural Research Opportunities (INRO)!** Applications are due [Monday, November 22, 2021](#) for this outstanding postbaccalaureate research opportunity at the National Institutes of Health (NIH). Find out more [here](#).

Resources continue on page 3

**Advance and accelerate  
your career at Cytiva**

## Leverage your passion for science beyond the bench

Working at Cytiva in the Life Sciences industry means being at the forefront of providing new solutions that transform human health.

Our incredible customers undertake life-saving activities ranging from fundamental biological research to developing innovative vaccines, new medicines, and cell and gene therapies.

And our own talented and skilled commercial professionals take their passion for academic and biological research and apply it beyond the bench. They work side by side with our customers in optimizing and scaling their manufacturing protocols and processes to ensure that these breakthrough products that transform human health are produced efficiently.

The **Cytiva Graduate Commercial Rotational Program (GCRP)** allows you to build a commercial foundation, leverage your science degree and translate it into skills that assist customers to develop products for innovative drug therapies.

Cytiva is a place where every day is a learning opportunity – so you can grow your career and expand your skills in the long term.

**Learn more about the GCRP and share your interest in the program**

**Meet Christina and hear her  
talk about Life at Cytiva.**

**Read about Mike's journey  
from 'Lab to Laptop'**

## Resources and Highlights

- **Brown University Therapeutic Sciences PhD Program:** This exciting new program was developed to be an expansion and integration of our longstanding PhD programs in Molecular Pharmacology & Physiology (MPP) and Biotechnology (Biotech). Learn more [here](#).
  - **APHA/KP Fellowship and Scholarship Program** - The American Public Health Association and Kaiser Permanente are working together to support the development of diverse, underrepresented public health leaders who are committed to improving the health of our most vulnerable communities and pursuing health equity for all. Learn more [here](#).
  - **Colorado State University's One Health Institute** A Postdoctoral Associate position is available with an NSF-funded project investigating wildfire risk governance networks in the American West. We seek a social-ecological systems scientist or quantitative social scientist to lead data collection, analysis, scientific writing, and outreach activities. Find out more [here](#).
  - **Case Western Reserve University**, Department of Biochemistry is seeking a highly qualified candidate to fill a full-time faculty position at a rank commensurate with experience and expertise. This is a non-tenure-track position, and the majority of time will be spent on teaching and duties to support the education mission of the department. More information [here](#).
  - **Research!America** is looking for a Manager of Policy and Advocacy to join their team. We are seeking candidates with an undergraduate degree in public policy, government, science or relevant field along with a minimum of five years of congressional, government relations, or advocacy experience or three years of experience with a Master's degree in a related field. Qualified candidates are invited to send a cover letter and resume to [hr@researchamerica.org](mailto:hr@researchamerica.org).
  - **Vertex** has many opportunities available! Early career, Co-ops and Summer Internships! Find them all on the [BSCP website](#).
- ⇒ Stay tuned for the [Vertex Physician Investigator Program](#)! The [VPI Program](#) offers exceptional early career physicians, with a diversity of backgrounds and experiences, full-time employment commencing with a unique two-year, immersive experience in which they complete four customized rotations. For more information, please read the [one-page flyer](#) or email [vpi@vrtx.com](mailto:vpi@vrtx.com). **Application opens on November 17th**
- ⇒ Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let [Pinar Kilicci-Kret](#) know if you applied to any of the Vertex positions.
- **Novartis Institutes for BioMedical Research Internship Programs** - Imagine performing research at a leading global pharmaceutical corporation while gaining practical experience and contributing to the search for new disease therapies. Your contribution to the search for new disease therapies can begin early in your scientific education journey. See more information [here](#) on programs available in the US and Switzerland.
  - **Mass General Brigham** is hiring for an Anatomic Pathology Technologist - The AP Technologist performs a variety of technical and clerical tasks for the efficient functioning of the Surgical Pathology Laboratory and Morgue operations. Find out more and apply [here](#).
  - **The College of Agriculture and Natural Resources** at the University of Maryland, College Park - Opportunities in Agricultural Research and the Environment (SOARE) is a gateway to graduate education, providing underrepresented undergraduate students with on-campus research experience to establish important relationships with faculty in their respective fields of study and to conduct graduate-level research. Find out more [here](#)!
  - **Mass General Summer Research Trainee Program:** *Application opening soon!* The SRTP application system will open by the fourth week of November and will close on January 24, 2022 at 5pm EST. For more information, please refer to the SRTP [Timeline](#), SRTP [FAQ](#) page, and the MGH [CDI website](#). SRTP Information Session and Alumni Panel: Wed., Dec. 1 | 6-7pm E.T. | [Zoom](#)

## Save The Dates

NEW! [Abstract Feedback Session](#) - December 4, 2021

[New England Science Symposium](#)

Friday, April 29, and Saturday, April, 30, 2022
