

What's Happening @ BSCP

December 2021 Edition

Updates

NESS ABSTRACT REVIEW SESSION

The inaugural NESS Abstract Review Session took place on December 4th and was a big success!
Thank you so much to the advisors and the students who participated.

BSCP COVID-19 EDUCATIONAL RELIEF FUND

We have expanded our COVID-19 Relief fund to include active BSCP students from all US states and Puerto Rico.
Deadline for the next round of applications is December 31st.
Guidelines have changed since the scholarship has been introduced. Check the [website](#) for eligibility.

BIOMEDICAL SCIENCE CAREERS HYBRID STUDENT CONFERENCE

Saturday April 9, 2022 - both in-person and virtual offerings!
Applications open January 2022

NEW ENGLAND SCIENCE SYMPOSIUM - VIRTUAL PROGRAM

Friday, April 29 and Saturday, April 30, 2022
Abstract deadline: January 14, 2022

CAREER FAIR

Thursday, May 12, 2022 — 12 PM to 2 PM

BSCP will provide a virtual venue where BSCP students and fellows will be able to connect with organizations in industry, academia and government to establish professional relationships and discuss potential job and/or fellowship opportunities.

Resources and Highlights

We encourage you to list your participation in BSCP (student conference, symposium, skills workshops) on your resume.

- **NIH Genomics and Health Disparities Lecture Series** - December 16, 2021 from 3PM to 4PM. Join us for a virtual seminar by Alondra Nelson, Ph.D., entitled "From Peril to Promise: Equity and Integrity in Science and Technology". Dr. Nelson is the Deputy Director for Science and Society in the White House Office of Science Technology Policy and the Harold F. Linder Chair and Professor at the Institute for Advanced Study. Register to join [here](#).
- **Vertex** has many opportunities available! Early career, Co-ops and Summer Internships! Find them all on the [BSCP website](#).
 - ⇒ [Vertex Physician Investigator Program](#)! The Vertex Physician Investigator Program is calling for exceptional physician-scientists who's interested in creating transformative medicines and making an impact on patients. Vertex Physician Investigators embark on a two-year, rotation-based training experience to become future leaders in the biopharmaceutical field. For more information, please read the [one-page flyer](#) or email vpi@vrtx.com. **Application deadline is January 14th.**
 - ⇒ Vertex Fellowship program is seeking great candidates for the 7th class of the Vertex Fellows program! Find out more [here](#).
 - ⇒ Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let [Pinar Kilicci-Kret](#) know if you applied to any of the Vertex positions.
- **Novartis Institutes for BioMedical Research (NIBR)** - Summer of Science Internship deadline has been extended to **December 31st!** This program provides research training opportunities for college students who have a strong desire to pursue a career in the biomedical field. Interns are carefully matched with NIBR scientist mentors to gain first-hand exposure to NIBR's innovative approaches to research, science and technology. Find out more [here](#).

Resources and Highlights

- **CDC ORISE Fellowship Opportunity** – Exciting fellowship opportunity in the Division of Reproductive Health. This opportunity is open to recent graduates, or anticipated December graduates, with a Doctoral or Master’s level degree who have experience in epidemiology, biostatistics, or maternal and child health. Find out more [here](#).
- Jobs Available Now at **Regeneron!** – Where passion meets purpose in biotech. As a leader in the industry, Regeneron offers career development and opportunities at all levels in every aspect of our business from invention to delivery of medicines to patients. View open positions on the BSCP website: <https://www.bscp.org/internship/regeneron-pharmaceuticals/>
- The **Systems for Engaging the Environment Lab at Duke University** led by Prof. A-Andrew D. Jones, III is hiring 2 PhD students. We aim to solve global challenges in water and health using engineering and policy tools. See more about the lab here at <http://seel.pratt.duke.edu>. Details on these positions can be found on the BSCP website [here](#) and [here](#). Deadline to apply is January 4, 2022 for PhD students starting in Fall 2022.
- **The Harvard Summer Research Program in Kidney Medicine (HSRPKM)** is currently accepting applications! HSRPKM offers a robust and varied introduction to the world of kidney medicine (nephrology) for undergraduate college students considering a career in science or medicine and particularly suited for students who are interested in pursuing a PhD or MD/PhD. Find out more [here](#).
- **Health Resources in Action** has recently launched the Odyssey Awards Program supported by the Richard and Susan Smith Family Foundation. With the purpose to fuel creativity and drive new directions in biomedical research. Applicants must propose lines of research that are distinct from current research directions. The preliminary proposal format is intended to give applicants the freedom to dream big and to be creative and ambitious. Find out more [here](#).
- **Michigan State University Graduate Programs in Epidemiology** - We aim to grow our graduate program in Epidemiology and Biostatistics The Department of Epidemiology and Biostatistics offers public health training through Master of Science and doctoral degrees as well as a Dual Degree Program for academically motivated undergraduate students. Find out more [here](#).
- **Research!America** is looking for a Manager of Policy and Advocacy to join their team. We are seeking candidates with an undergraduate degree in public policy, government, science or relevant field along with a minimum of five years of congressional, government relations, or advocacy experience or three years of experience with a Master’s degree in a related field. Qualified candidates are invited to send a cover letter and resume to hr@researchamerica.org.
- Funding Available! T32 in Precision and Genomic Medicine Call for Applicants. **Mass General Brigham Training Program in Precision & Genomic Medicine**, supported by the National Human Genome Research Institute (NHGRI), is now accepting applications for next cycle beginning July 2022. Find out more [here](#).
- Jobs available at **Beam Therapeutics**:
 - ⇒ [Research Associate, Next Generation Sequencing Core](#)
 - ⇒ [Scientist, Lead Discovery and Off-Target Biology](#)
 - ⇒ [Research Associate/Sr. Research Associate, Lead Discovery & Off-Target Biology](#)
- **Pathways to Science** - Deadlines are approaching for paid summer research programs!
 - ⇒ **Undergraduate Students**: PathwaysToScience.org has a searchable database of **600+** summer research programs in all STEM disciplines. These are all **FULLY FUNDED** opportunities including programs sponsored by NSF, NASA, NIH, etc.
 - ⇒ **Graduate Students**: Search **60+** paid summer research programs for graduate students in a range of STEM disciplines – many deadlines fast approaching! These are all **FULLY FUNDED** opportunities including programs sponsored by NSF, NASA, NIH, etc

Save The Dates

Thank You

During this holiday season, BSCP would like to acknowledge our sponsors for their support this year! As the pandemic continues to challenge us all, it is because of your generosity that BSCP was able to expand services and continue to reach our student/fellow community. Happy Holidays and a heartfelt thank you!
