

The MMS Difference: We CARE

C **OMMUNITY**

***Physician Thought Leaders, Experts,
and Entrepreneurs***

We bring together 25,000 physicians, medical students, and residents/fellows, including independent providers, group practices, and academicians under one umbrella.

A **DVOCACY**

Respected and Powerful Voice for Health Care Legislation

Policy positions are driven by members. A seat at our table gives you the opportunity to directly influence health care policy outcomes. Each year we review 6,000 bills, provide expert testimony, and file up to 20 pieces of legislation.

R **ESOURCES**

Profitability, Sustainability, Career Professionalism

An effective, safe, and patient-centered health care system requires physicians to perform at their highest level and practices to operate both efficiently and profitably. We offer consulting, resources, products, and services that support long-term success in a complex, rapidly changing environment.

E **XCELLENCE**

Gold-Standard Clinical Education

NEJM Group and our CME program offer you ongoing learning opportunities to expand your clinical expertise and apply leading research to patient care. We maintain the highest standards for medical knowledge to ensure you can improve health care quality and patient outcomes.
