

# New England Science Symposium

The Joseph B. Martin Conference Center at Harvard Medical School

Saturday, March 23, 2024

## OVERVIEW:

The **New England Science Symposium (NESS)**, established in 2002, promotes careers in biomedical sciences. NESS provides a forum for postdocs (research and clinical); medical, dental and graduate students; post-baccalaureates; college and community college students (particularly Black/African-American, Hispanic/LatinX and Native American/Alaska Native individuals) to share their biomedical and health-related research activities through oral or poster presentations, to engage in discussions related to career development in the sciences, to exchange ideas and to expand their professional networks.

- Awards presented in multiple categories!
- There is no registration fee, but pre-registration is required.
- The deadline for abstract submission to the 23<sup>rd</sup> Annual New England Science Symposium has passed.

## ABSTRACT CATEGORIES:

- Bioinformatics, Physics, Chemistry or Engineering
- Clinical or Social Science (including Translational Research)
- Interdisciplinary
- Public Health, Epidemiology or Biostatistics
- Microbiology, Immunology, Genetics or Molecular Biology
- Cellular Biology, Neuroscience, Biochemistry or Physiology
