

Boston Leadership Institute

CALL FOR APPLICATIONS - SUMMER 2022

The Boston Leadership Institute is now accepting applications for Summer 2022 STEM programs designed for high-achieving high school students. Participants engage in experimental research with faculty experts in cutting-edge areas of science. Programs are offered in fields that generate high demand STEM careers.

Programs provide:

Hands-on, in-depth research experience that can be included in college admissions essays

Research skills that afford students an edge in obtaining internships and research positions

A platform to explore potential college majors and careers

An opportunity for students to demonstrate initiative, drive, and mastery of upper level STEM subject matter

Well-equipped science labs and premier facilities provide the type of summer experience that is highly valued in college admissions. Programs take full advantage of Greater Boston locations where world-class colleges such as Harvard meet world-class biotech and medical centers to provide field trips and guest lectures. Programs include:

THREE-WEEK PROGRAMS - SUMMER 2022

Science

Biological Research

Chemistry Research

Mars Mission

Medicinal Chemistry & Pharma

Forensic Science

Marine Biology

Astrophysics
