

What's Happening @ BSCP

November 2022 Edition

Upcoming Events

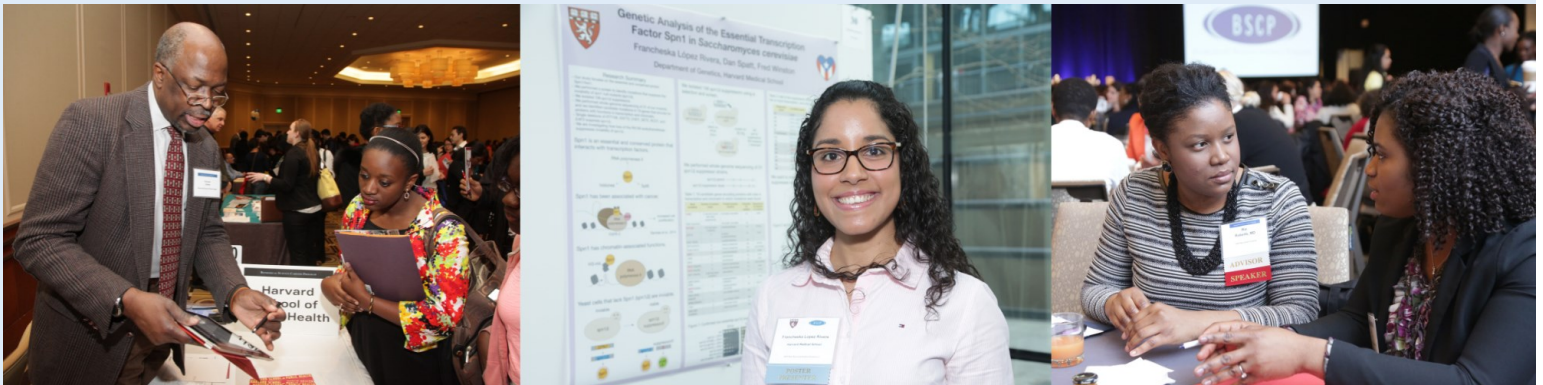

New England Science Symposium

Abstract Review Session - Saturday, December 3, 2022 *DEADLINE TOMORROW*****

For those planning to submit their abstract for consideration for the [2023 New England Science Symposium](#) scheduled for **April 2, 2023**, please also consider applying for our **Virtual Abstract Feedback Session**:

This session is planned for individuals who wish to receive feedback from advisors and peers in small groups before submitting their abstract to NESS. Participating in this session is not required, nor does it guarantee acceptance. Flyer for NESS and the Feedback Session can be found [here](#).

The deadline to submit your abstract for the feedback session is **November 16th**. Please have your ABSTRACT ready BEFORE beginning the application. https://hms.az1.qualtrics.com/jfe/form/SV_9yOXoI39YxWD4Wy

2023 Biomedical Science Careers Student Conference

The Westin Copley Place in Boston, Massachusetts

Friday, March 31, 2023 from 6:00 PM to 9:15 PM AND Saturday, April 1, 2023 from 7:30 AM to 6:00 PM

Applications Available Now!

The aim of the Conference is to provide students/fellows with an opportunity to network with advisors/role models from the basic and clinical sciences, medicine, public health, academia and the biopharmaceutical industry. These advisors/role models will encourage students/fellows to complete advanced studies and provide concrete advice and information on available resources, professional opportunities and career paths in biomedical science and other science-related fields. The Conference also enables student/fellow participants to meet, inspire and network with one another. Additionally, each Conference offers breakout and plenary sessions, and a program featuring science resources, including internships, summer programs and after-school activities. [For more information click here.](#)

DEADLINES: December 15, 2022 for high school students; February 6, 2023 for community college students through post-docs

Resources

- **Massachusetts General Hospital** is looking to fill a senior lab tech/lab manager position quickly! Please click [here](#) for more information on this position and to apply.
- **The Dana-Farber/Harvard Cancer Center CURE Umbrella of Programs** is still recruiting students for **paid cancer research internships** in the summer of 2023. They offer 3 student training programs, the first of which will **close this month on Monday, November 28th**.
 - ⇒ [YES for CURE](#) – 2.5 year research training program (2 consecutive summers plus academic year engagement, emphasis on developing as leaders and engaging family/community). Open to high school sophomores and juniors, and college freshman and sophomores. **Application Deadline – 11/28/22.**
 - ⇒ [CURE-Summer Only](#) – one-time summer research training opportunity. Open to high school students 16yrs and older and college freshman, sophomores, and juniors. **Application Deadline – 2/6/23.**
 - ⇒ [SPARC](#) – one-time summer research training opportunity. Open to college freshman and sophomores at UMass Boston and students at community colleges ONLY. **Application Deadline – 3/1/23.**
- **College of Agriculture and Natural Resources** at the University of Maryland, College Park is holding several summer research internship information sessions. They are seeking twenty students to fill 2023 summer positions paying \$4,500 (SOARE) -\$6,000 (SOARE: SWAG). Students at two-year and four-year institutions are encouraged to apply. Click [here](#) to learn more.
- **Bristol Myers Squibb** has several open positions for both their Cambridge and Devens offices. Please click [here](#) to learn more.
- **NIH National Cancer Institute** - The [Intramural Continuing Umbrella of Research Experiences \(iCURE\) program](#) is now accepting applications through December 15, 2022 for Fall 2023 research experiences! iCURE provides mentored research experiences for qualified students and scientists from diverse backgrounds on the NCI campuses in Bethesda, Rockville and Frederick, MD. Click [here](#) to register for their pre-application webinar.
- **Novartis** - Both of our summer internships and postbaccalaureate internship programs are open now and accepting applications Imagine performing research at a leading global pharmaceutical corporation while gaining practical experience and contributing to the search for new disease therapies. Click [here](#) to learn more.
- **Vertex Opportunities** - Vertex has exciting two new opportunities available! Vertex Fellow Program and Vertex Physician Investigator Program. Find details on the [BSCP website](#). Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you applied to any of the Vertex positions.
- **MIT IMPACT Program** - IMPACT is a program which brings together post-doctoral fellows with a variety of backgrounds (biology, engineering, clinical etc) and sectors (academic, hospital, business) and has the participants explain to each other what their research is about. Own your career and apply for a position click [here](#).
- **Boston Children's Hospital (BCH)** – BCH has several entry level job opportunities, please click [here](#) to see them. If you apply one of these opportunities please notify Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) so she can make sure your resume is seen by the hiring manager. **Virtual Research Recruitment Week at BCH** -This event is for recent and upcoming graduates who will be receiving a BA/BS in Biology, Chemistry, Neuroscience, Life, Health, Social Sciences, or a related field in Fall 2022 or Spring 2023. This is a great opportunity for students to meet with PIs and possibly interview on the spot! Click [here](#) for more information.
- **Takeda Pharmaceuticals U.S.** is looking for exceptional Early Career professionals to join our world-class R&D organization where you will help unlock innovation and push the boundaries of what is possible. Click [here](#) to learn how Takeda's global team of researchers and scientists harness cutting-edge science to deliver transformative benefits to patients and to apply or see open positions in our functional teams which include, Data & Pharmaceutical Sciences, Regulatory Affairs, Research, Development, or our Therapeutic areas. If you apply one of these opportunities please notify Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) so she can make sure your resume is seen by the hiring manager.
- **Regeneron Opportunities** 2023 Internship & Co-op job postings are now available! Please go to our careers site and apply to what best matches your experience and interest. Please click [here](#) for more information and available opportunities. Please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you apply to any of the Regeneron positions.

Save The Dates

[Biomedical Science Careers Student Conference](#)

Friday, March 31 and Saturday, April 1, 2023

[New England Science Symposium](#)

Sunday, April 2, 2023
