

What's Happening @ BSCP

April 2023 Edition

Upcoming Event

VIRTUAL CAREER FAIR

May 11 from 12 PM to 2 PM

Audience: This program is specifically for students and fellows looking for a job or fellowship opportunity in near future. Participants will be able to connect with representatives from organizations in industry, academia and hospitals to establish professional relationships and discuss potential job and internship opportunities.

To register: <https://virtual.eposterboards.com/bscp-careerfair>

If your organization would like to host a virtual table at the career fair, contact khaliah_noel-gibson@hms.harvard.edu.

Event Recap

BIOMEDICAL SCIENCE CAREERS STUDENT CONFERENCE

Over 1,000 students/fellows registered to join us at the 16th biennial Biomedical Science Careers Student Conference on March 31 - April 1, 2023 at the Westin Copley Place! Attendees heard the inspiring stories of our two distinguished keynote speakers and a motivating fireside chat with Drs. André, Keith and Kevin Churchwell! Attendees learned practical and insightful advice from over 250 individuals serving on 20 panels and as advisors. We also had the pleasure of hosting 40 exhibitors in our Resource Room!

Thank you to those who joined us and a special thank you to our major conference supporters, the Danaher Foundation and Vertex, as well as all of BSCP's corporate and foundation sponsors for your strong support.

NEW ENGLAND SCIENCE SYMPOSIUM

12 oral presenters and more than 190 poster presenters shared their research at the 22nd annual New England Science Symposium on April 2nd at Harvard Medical School. The event included an amazing keynote address by Dr. Andrew Plump, President of Research & Development at Takeda, followed by oral and poster presentations covering various subjects. The event was co-sponsored by BSCP and the HMS Office for Diversity Inclusion and Community Partnership. Thank you to Vertex for supporting this event.

CONGRATULATIONS TO ALL THE WINNERS!!

Resources

- **Vertex Opportunities** - [Exciting Opportunities Available at Vertex!](#) Vertex is committed to providing a higher internal level of visibility to BSCP applicants. In addition to listing BSCP on your resume, please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you applied to any of the Vertex positions and select the BSCP source code when asked how you heard about the opportunity.
- **SPS Northeast Regional Meeting: Beyond the Core Battery - Explore and Discover.** Join us at the Takeda Facilities in Cambridge, MA for our next regional meeting on April 28, 2023 from 8:00 AM to 4:00 PM. The field has seen amazing growth and changes over the last few years. As such this year's meeting theme, "Beyond the Core Battery - Explore and Discover" will push past the traditional boundaries of the core battery to discuss changes in the regulatory landscape, advanced tissue chips and in-vitro models, translational platforms, non-traditional experimental species, as well as non-life-threatening adverse endpoints that impact a drug's implementation. As always, the regional meeting encourages young investigator presentations and interactions. Click [here](#) to register, deadline is April 21st.
- **Brown University**—[Applications are now open](#) for the [2023 Dr. Samuel M. Nabrit Conference for Early Career Scholars!](#) Dr. Samuel M. Nabrit Conference for Early Career Scholars, June 8-9, 2023. Featuring keynote addresses by Dr. Cassandra Extavour and Dr. Alejandro Sánchez Alvarado, this free conference will showcase the research achievements of outstanding molecular life scientists from historically underrepresented groups. Applicants selected to present short talks will receive a travel award and accommodations. The application deadline for presenting a short talk is Monday April 24, 2023.
- **Regeneron Opportunities** 2023 Internship & Co-op job postings are now available! Please go to our careers site and apply to what best matches your experience and interest. Please click [here](#) for more information and available opportunities. Please let Pinar Kilicci-Kret (pinar_kilicci-kret@hms.harvard.edu) know if you apply to any of the Regeneron positions.
- **USAIC BioPharma Summit**—The 17th Annual BioPharma & Healthcare Summit will take place virtually on May 3, 2023. The Chair and Emcee is Dr. Andrew Plump. As a service to the BioPharma community, we are again offering free registration to participants! Click [here](#) to for more information and to register online.
- **Bristol Myers Squibb** - There is an immediate opening for a Senior Associate Scientist. Click [here](#) for more information and to apply online.
- **EMBL International** - We are currently looking to hire 1-2 PhD candidates who will work in either cardiac or placental related vascular projects. **PhD applicants:** Please apply through the [EMBL International PhD Programme](#). For all questions please contact Kristina Haase by [email](#).
- **Colorado State University** 2023 Summer Research for Undergraduates (REU) in Aerobiome Research. The BROADN REU program at Colorado State University is sponsored by the National Science Foundation (NSF) and offers undergraduates a mentored research experience to work with a diverse team of scientists to investigate how the microbiome of the air is altered by environmental stresses, and how it impacts human, animal, and environmental health. Our goal is to train undergraduate researchers in the interdisciplinary laboratories conducting research aligned with BROADN goals and research themes. Click [here](#) for more information.
