

WHAT'S HAPPENING

What's Happening at the Biomedical Science Careers Program!

October 2023 Edition

Thank You

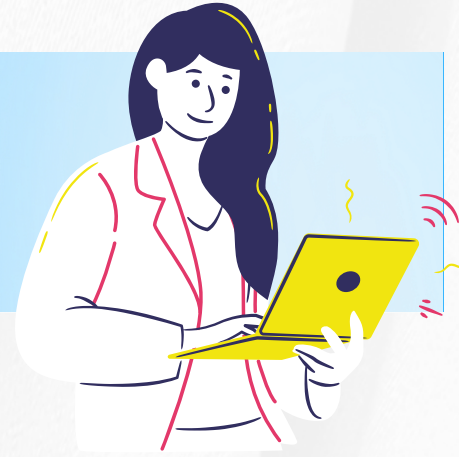

On behalf of the BSCP Board of Directors and the students BSCP supports
THANK YOU!

Together, at this week's Evening of Hope, we raised over \$1,000,000 for
BSCP programming initiatives.

It is so very important to us to acknowledge and celebrate the collective effort that has gone into making sure BSCP can continue to support our students, fellows and alumni at no cost to them. It is a testament to the collaborative and supportive nature of our partnerships.

Once again, thank you to our community, your generosity and commitment are truly appreciated.

UPCOMING EVENTS

SKILLS WORKSHOPS FOR HIGH SCHOOL & COLLEGE STUDENTS

Harvard Medical School
Saturday, November 18, 2023

***Deadline to apply Monday, October 30, 2023**

These workshops provide students with information and guidance in areas of academic and workforce skills. A special session for parents/caregivers and an Internship Fair will also take place. *Co-sponsored with Harvard Medical School.*

This program is for post-baccalaureates, college and community college students, high school seniors, juniors, and sophomores (particularly Black/African-American, Hispanic/LatinX, and American Indian/Alaska Native Students) and provides information and guidance in areas such as the application process for college and medical/graduate/professional schools, interviewing skills, financial planning, resume writing, and internship opportunities.

KEYNOTE SPEAKER

Jonathan Abraham, M.D., Ph.D.
 Associate Professor of Microbiology
 Harvard Medical School
 Associate Physician in Infectious Diseases
 Brigham & Women's Hospital
 Former BSCP Student and Hope Scholar

Session topics include:

Application Process for Medical/Dental School
 Application Process for Graduate School
 Application Process for Health Professional School
 Tips for Resume, Cover Letter, and Interviewing Skills
 Internships and Summer Opportunities Panel
 Community College Pathways
 Finances and Your Education
 Student Panel
 Internship Fair

Applications are available now, email Ahmed Azim at ahmed_azim@hms.harvard.edu

New England Science Symposium Abstract Feedback Session

Saturday, December 2, 2023 (11 AM to 12:30 PM EST)

This is a virtual prep session designed for individuals who wish to receive feedback on their abstract from advisors and peers before submitting it. The meeting will be set-up in small groups (5-7 individuals) where students will give 2-4-minute elevator pitch to the group. Participating in this session is not required, nor does it guarantee acceptance. Co-Sponsored with Harvard Medical School

Harvard Biotech Club Career Fair (in person) – Free and open to All Students and Trainees. Monday, 6 November from 10:00 AM – 5:00 PM; New Research Building, Harvard Medical School. Click [here](#) for more information and to register.

INTERNSHIPS & CO-OPS

Dana-Farber/Harvard Cancer Center is excited to announce that the Center is now accepting applications for the 2024 cycle of programs. These are paid cancer research internships that support students in developing scientific research skills and exploring careers in STEM.

The YES for CURE program is a 2.5-year comprehensive, holistic, and integrative training initiative for underrepresented and/or disadvantaged high school and undergraduate students. This program embeds career and college coaching and family and supporter engagement throughout the experience. ****Applications are due November 27, 2023.**** Click [here](#) for more information.

Bristol Myers Squibb has lots of internship and co-op positions available! At BMS you are joining a diverse, high-achieving team united by a common mission. You'll pursue innovative ideas while advancing professionally alongside some of the brightest minds in biopharma. With our emphasis on inclusion, employee engagement, and collaborative teams, you can expect to find dynamic support and unique resources to drive your career forward. Click [here](#) to view more than dozen open internship and co-op opportunities!

Weymouth Pediatrics PC is a thriving pediatric medical practice dedicated to providing compassionate care to children and their families. We are looking for a motivated and enthusiastic intern to join our team and gain hands-on experience in a medical office environment. If you are enthusiastic about pursuing a career in pediatrics and want to gain valuable experience in a medical office, please email your resume and a brief cover letter outlining your interest and qualifications to sasha.hussain21@gmail.com

LET US KNOW IF YOU APPLY!

Being a BSCP Student, gives you access to our partners! We will frequently post jobs as well as internships, co-ops, scholarships and exclusive opportunities sent to us directly by our partners in biotech and academia! If you happen to apply to any of these listings, always mention BSCP's name and also let us know by emailing Pinar Kilicci-Kret at (pinar_kilicci-kret@hms.harvard.edu)

RESOURCES

MEDICAL SCHOOL STUDENTS

Research and Mentorship Program (RAMP) - The HIV Vaccine Trials Network, in collaboration with the National Institute of Allergy and Infectious Diseases of the National Institutes of Health, is investing in a young generation of HIV prevention researchers by providing African American/Black, Hispanic/Latinx, Native American/American Indian, Native Hawaiian, Asian and Pacific Islander medical students with opportunities to conduct independent research while receiving mentoring, project and salary funding, training, and professional development opportunities. The complete Request for Applications can be found [here](#).

Leukemia & Lymphoma Society (LLS) believes a diverse scientific work force is critical to achieving our mission of curing all blood cancers. Our Underrepresented Minority Medical Student Research Program provides minority medical students opportunities to experience cutting-edge research alongside experienced blood cancer scientists. Students will perform laboratory research for one year and will be provided with \$75,000 for living expenses and up to \$5,000 for relocation costs. Application deadline is December 15, 2023. Click [here](#) for more information.

PERFECT FOR POST DOCS

NIH - The Division of Intramural Research, National Institute on Deafness and Other Communication Disorders (NIDCD), located in Bethesda, MD, is seeking a Staff Clinician (High Scarcity – HS), Otolaryngologist-Head and Neck Surgeon, to serve as the Chief of Otolaryngology-Head Neck Surgery Service (COHNSS) that provides clinical care, research, and training. Candidates must possess an M.D. or D.O., and board-eligibility or board certification in Otolaryngology-Head and Neck Surgery is highly preferred. Click [here](#) to learn more.

Harvard Medical School - The HMS Curriculum Fellows Program & HMS Center for Computational Biomedicine are hiring a Curriculum Fellow in Artificial Intelligence/Machine Learning. The expected start date is approximately April 1st, 2024. The selected candidate must hold a Ph.D. by the time of appointment. Click [here](#) to apply. The deadline to apply is November 1, 2023.

PhRMA Foundation - The webinar, Crafting Clear, Compelling Research Aims, will take place Nov. 1 from 2:00-3:00 p.m. ET and feature University of Washington professor David Veenstra, PharmD, PhD, discussing how to write a concise, realistic aims page to capture the attention of grant reviewers. This webinar is a great opportunity to hone these important skills before applications open next month for the PhRMA Foundation's Translational Medicine and Value Assessment-Health Outcomes Research grants and fellowships. Click [here](#) to register for the November 1st webinar.
